Subject: TSCA, chem. compliance

Maria,

Thanks for bearing with me while I was struggling for words w/out coffee. True Monday here. I wanted to reach you early though.

I look forward to the edits on the day one session about section 6, any other corrections on inaccuracies are very well received on my end as well. I wanted to be less broad and more specific, but I only have a layman's understanding. So, thank you.

Speak soon,

Take care,

Amanda D. Whitlock
